Pearce Funeral Services

Our Family Service Caring For You

Providing choice, flexibility, and a truly personal service for you and your loved one.

As an independent, family funeral service, we understand how every family we are called upon to serve, and every loved one we have the honour of looking after, are unique individuals. Our constant aim is to provide a service that reflects you, your wishes, and the life of your loved one perfectly.

Whether you feel that an Attended or Unattended Service, as listed on our Standardised Price List, is your preferred option, or if you feel a Bespoke Service would be more fitting, we can help and guide you with all options to make the service you prefer a meaningful and fitting tribute to your loved one.

In recognition of this you will find our additional items price list below, according to the options available with each individual service type, detailing these options accordingly.

In every instance, and with every type of funeral service, we will respectfully guide you through all the available options. We will also make all the necessary arrangements on your behalf. This includes contacting all relevant people and organisations with regards to the arrangements, and completing all necessary details and documentation on your behalf, ensuring your wishes are fulfilled.
